

Rowboat

Coal Chamber

Love is in the air
Blinding me with smoke
You are the air I breathe
When I choke

Butterflies in the jar
Butterflies in the jar
Butterflies in the jar
So breathless

Get out of my rowboat

Captured my heart
Goodies in the basket
Stuttering the ways
I love you honey

Insects in your kiss
Insects in your kiss
Insects in your kiss
You are my sunshine

Hey, Get out of my rowboat
