

## Rowboat

## Coal Chamber

Love is in the air  
Blinding me with smoke  
You are the air I breathe  
When I choke

Butterflies in the jar  
Butterflies in the jar  
Butterflies in the jar  
So breathless

Get out of my rowboat

Captured my heart  
Goodies in the basket  
Stuttering the ways  
I love you honey

Insects in your kiss  
Insects in your kiss  
Insects in your kiss  
You are my sunshine

Hey, Get out of my rowboat
