

## Stay

Coasts

Oh, I thought that you were in disguise  
When the summer was in your eyes  
But we are a loveless all the same  
Temptations means that we might fall apart  
But with the weight of my concrete heart  
You'll emerge from the dark jungle of love

I said I want you to stay  
'Cause baby, you're all that I know  
I said I want you to stay  
Stay with me  
Stay, stay with me  
Stay, stay with me

Oh, I thought that you were in the sky  
When the sun was so high  
And now I watch you slip away

I said I want you to stay  
'Cause baby, you're all that I know  
I said I want you to stay  
Stay with me  
Stay, stay with me  
Stay, stay with me

No one else can believe that we're breaking,  
We're breaking  
Lonely as ever before, I can't shake it,  
Shake it

And now I want you to stay  
'Cause we've got too much to let go  
I said I want you to stay  
Stay with me  
Stay, stay with me  
Stay, stay with me
