

You know I try to get close to you.
You don't realize what you're puttin' me through.
The things I do, yeah I do 'em for you
And I don't mean to seem presumptuous.
But I feel when you're looking at me.
Don't hesitate if you like what you see.
Don't be afraid 'cause I'm setting you free
Here's my philosophy

Be, be my ho, 'cause I'm your money maker.
Be, be my ho, 'cause I'm your money maker.

You know I see you walkin' the street,
You don't look back and you don't miss a beat.
My heart, it breaks when you get on your knees.
Oh, won't you let me take you home?
Girl, you know I'ma take care of you.
You say you got my baby but I know it ain't true.
G-A-B-E is comin' for you
Here's my philosophy

Be, be my ho, 'cause I'm your money maker.
Be, be my ho, 'cause I'm your money maker.
