

# Body Over Mind

Cock Robin

Bring me in  
Wind me up  
Body over mind  
We run like the devil

Out of breath  
Close to death  
I'll wait for a sign  
We're willing and able  
Love can be fatal

You say never  
To say never  
And bout tomorrow  
We'll know better  
There's no hurry  
That our day will come  
Oh yeah

Years on end  
Round the bend  
'Cross the burning sand  
Whatever the distance  
If ever you're listening

I'd throw away  
My life for you  
Without a trace  
Day by day

Come to me  
Walk with me  
Crawl in if you can  
You don't need no reason  
And go on believing  
Oh yeah
