

# Superhuman

Cock Robin

Lover  
There is no other  
Someday you will discover  
That we could not lose  
We'd break all the rules

Lover  
Why do I suffer  
I don't wanna be  
Your mother  
I have no shame  
Love's not a fair game

Where are the hours  
Nearing the end  
One superpower  
Superhuman  
How could you never  
Want to feel this way again  
Remember when

Lover  
Leave while I'm sober  
This moment will pass us over  
You have become wise  
Much to your surprise

Where to begin  
My long lost friend  
Let's start again  
Tomorrow

Lover  
This is no fable  
Together we might be able  
Love if you like  
You know that I'm right  
Lover
