

## I Got Your Number

Cock Sparrer

It can't be right what I'm reading here  
No one believes in all this stuff no more  
Our ideas don't see eye to eye  
You get your press with a pocketfull of lies

Telling everybody every word is true  
One day soon they're gonna see through you

R:

I got your number  
You can fool some people some part of the time  
I got your number  
I aint ever gonna toe that particular partyline

There'll be some people gonna back you up  
But don't look here for moral support  
Don't you ask no favours from me  
I don't believe in charity  
Telling everybody you're wonderful  
What are you gonna do when there's no one left to tell it to

R:

You think you're so special  
But you're only fooling  
Tell your lies to anyone but me

You think you're so special  
But you're only fooling  
Tell your lies to anyone but me
