I Got Your Number

Cock Sparrer

It can't be right what I'm reading here No one believes in all this stuff no more Our ideas don't see eye to eye You get your press with a pocketfull of lies

Telling everybody every word is true One day soon they're gonna see through you

R: I got your number You can fool some people some part of the time I got your number I aint ever gonna toe that particular partyline

There'll be some people gonna back you up But don't look here for moral support Don't you ask no favours from me I don't believe in charity Telling everybody you're wonderful What are you gonna do when there's no one left to tell it to

R:

You think you're so special But you're only fooling Tell your lies to anyone but me

You think you're so special But you're only fooling Tell your lies to anyone but me
