Everybody's talking about revolution Everybody's talking about smash the state Sounds to me like the final solution Right wing, left wing, full of hate

R:

We don't wanna fight
Because you tell us to
So watch your back when you attack us
'Coz we might just turn on you.

Things get worse with every hour
The future fades into the past
All they want is total power
Climbing on the backs of the working class.

R:

We don't wanna be part of no new religion We don't need a boot and a switchblade knife We don't wanna be part of a political dream We just wanna get on living our lives
