

Will You

Cock Sparrer

I'm going down for a year or more
A misunderstanding with the law
But I can handle doing time
If I know you'll still be mine

And when they say they're gonna have to lock me in
I'll look in the gallery for you
And if you're there I'll know I'll take it on the chin
If you'll wait for me, I can see it through

Will you save yourself for me?
Will you, Will you?
Will you save yourself for me?

The evidence is harsh but true
And they'll do what they have to do
But they think I just cheat and lie
But you've seen my creative

And if I get buggered by Mr BIG in the shower
Or if I hit a screw and lose my visitor's rights
Will you still remain my little flower?
Will you wait for me on the other side?

Will you save yourself for me?
Will you, Will you?
Will you save yourself for me?

And when they say they're gonna have to lock me in
I'll look in the gallery for you
And if you're there I'll know I'll take it on the chin
If you'll wait for me, I can see it through

Will you save yourself for me?
