

# Me And You

Coco Jones

You're spinning round and round and round in my head, head  
Did you really mean the words that you said, said?  
This is it I gotta know  
Should I stay or should I go  
Show me the truth  
Is it gonna be me and you? [3x]

I know you gonna be mad  
The feelings that you thought you had  
Was for another guy  
Well I'm that other guy  
I'm just a shy kid  
Camouflaged before your eyes  
Then I knew my lyrics were the key to see the other side.  
I should have told you but I never had the courage  
And I thought you really wouldn't understand. (no)  
And now I'm here just to let my feelings surface  
Apologizing for disguising who I am

Tell me are you who I thought you were?  
Or who I wanted you to be?  
Did you do it all for him?  
Or were you only playing me?

I did it for you  
But I couldn't see it through

You're spinning round and round and round in my head  
Did you really mean the words that you said?  
This is it I gotta know  
Should I stay or should I go  
Show me the truth  
Is it gonna be me and you? [3x]

You're all I ever wanted  
But I got caught in the shadow in the background  
But I'm back now  
And Kris was all this and that  
And my look didn't really fit the rap it didn't match  
He had the style and I had the swag  
So I locked up my feelings in the words he said  
Give me a hand and I'll take off my mask  
If you give me a chance that's all I ask

What you expect me to do?  
'cause you were him and now you're you

Now it's just me  
And you got me on my knees

You're spinning round and round and round in my head  
Did you really mean the words that you said?  
This is it I gotta know  
Should I stay or should I go  
Show me the truth  
Is it gonna be me and you? [2x]

Why do I feel so deceived?  
Guess I believed what I wanted to believe  
It's perfect in my dreams  
But nothing's really what it seems

You're spinning round and round and round in my head  
Did you really mean the words that you said?  
This is it I gotta know  
Should I stay or should I go  
Show me the truth  
Is it gonna be me and you? [3x]
