

In My Boat

Cocoon

In my boat, I'm looking for
Where you ran aground with your friend.
But I'm sure a sailor will come to save you,
Come to save you, come to save you.

I stay face to face in front of you.
I stay but I hate the two of you.
How can you explain ?

In my boat, far from the shore
Oh I wish you drowned with your friend.
But I'm sure we'll meet again,
Oh somewhere, Oh someday (x 2)

I stay face to face in front of you.
I stay but I hate the two of you.
How can you explain ?

In my boat,
Oohooh...
