

Take Off

Cocoon

Well I wish that I could land
Well it is what they demand
Well I'll need a gun or a hand
Well I wish that I could land

The take off is sometimes hard
I dream of a bodyguard
a bodyguard

My friends all died in a plane crash
Well there is a god but he wants cash
I had had a bear, gone to hawaiï
And Kevin Costner has retired

The take off is sometimes hard
I dream of a bodyguard

The take off is sometimes hard
I dream of a bodyguard
a bodyguard
