

## R.I.P. Burn Face

CocoRosie

In her mourning  
In her grave  
Don't you miss the way  
That she brushed her heavy hair  
Oh la la la la la

ACID BURNED FACE CLOWNY TEAR SMILE  
She's the one who made you wild  
She made you question all your answers  
Made you beg for her forgiveness

BABY GIRL don't cry  
Momma's gonna buy you a glass eye  
And it will glimmer like starlight

She's got no reservations  
Ain't got no place to be  
The graveyard's in the backyard  
Where the meadows used to be

Lord knows my destination  
Lord hears my inner prayer  
Mom'll find me by the river  
Sunken with her party balloons

Flowers for the ones you loved  
Flowers for the lost at sea  
Flowers for the ones you loved  
Flowers for the lost at sea

Flowers for the ones you loved  
Flowers for the lost at sea  
Flowers for the ones you loved  
Flowers for the lost at sea

Flowers for the ones you loved  
Flowers for the lost at sea  
Flowers for the ones you loved  
Flowers for the lost at sea
