

Tears For Animals

CocoRosie

Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?

Heart so hollow I tried to swallow
Pistols, nightshade, ghosts and gallows
All you fellows climbed me like a staircase, wore me down
Smooth from footfall, wore me down
(Wore me down)

Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?

So long sweet thing, my old man,
Left me grieving, black and blue and tan
I've the feeling you'll be kneeling
When the day turns forever into night

(Hope for healing if you're willing)

Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?

Orphan girl, child, sing along
Stop the slaughter of our daughters
Poisoning the water
(Do you have love for humankind?)
Heart strings broken, wearily tuned to the moon
Bastard widows born marooned
(Do you have love for humankind?)
Nameless, faceless black-eyed soul
Slave to sorrow, find your way home

Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
(Hope for healing if you're willing)
Do you have love for humankind?
(Hope for healing if you're willing)
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
Do you have love for humankind?
