

## Pink Orange Red

Cocteau Twins

He draws his horses  
Pretend that you're anger  
And draws his horses  
Being chosen also

Please get up  
Fall, please get up  
Fall, please get up  
Don't ruin yourself

Please get up  
Fall, please get up  
Fall, please get up  
Don't ruin yourself

So see and hear  
Sultitan itan  
So see and hear  
Plain tiger iger

In my heart  
Set you right up  
In my heart  
I sing this song

Back you up  
How messed I am  
Back you up  
I consider

So he got up  
I must see him  
I must see him  
And all got up

Sore got he  
Apalled got up  
Apalled got up  
I'm in this song

So see and hear  
Sultitan itan  
So see and hear  
Plain tiger iger
