

# Wax and Wane

Cocteau Twins

Carrying prose  
Broke my real friend  
The devil might steady  
We wax and we wane

The devil might steady  
We wax and wane  
The devil might steady  
We wax and wane

The devil might steady  
We wax and we wane  
The devil might steady  
We wax and wane

Licking alms  
The devil might steady  
Rattling well taste  
We wax and we wane

The devil might steady  
We wax and wane  
The devil might steady  
We wax and wane

The devil might steady  
We wax and we wane  
The devil might steady  
We wax and wane

Caring is a bury gin shot  
The devil might steady  
Up till the wee wanes  
Oh, we laugh in their faces

The devil might steady  
We wax and wane  
The devil might steady  
We wax and wane

The devil might steady  
We wax and we wane  
The devil might steady  
We wax and wane

The devil might steady  
We wax and wane  
The devil might steady  
We wax and wane

The devil might steady  
We wax and we wane  
The devil might steady  
We wax and wane

Yeah yeah yeah
