

## The Mud

Code Orange Kids

I know that you don't wanna lie  
It's just the demon in your mind  
It's just the liar in your smile  
It's just the pressure all the time  
It's just so hard to fucking fight  
When all you feel is pain inside  
It's just so hard to fucking live  
When all you wanna do is die

Lying in the mud  
Dying in the mud

The chain never breaks  
A servant to your broken brain  
The cycle never gives in  
The devil holds your head a slave

You're stuck

Living in the mud  
Dying in the mud

You've lost the only things you love  
Living dying in the mud
