

# Break The Silence

Code

And now I raise my voice... In defiance  
To break the chains that have bound these hands  
Arrest the fear inside and shed this callous coat  
I've got to know just where I stand...

I will... not walk silently through this life  
I will... never yield the passion in my soul  
I will not surrender what's inside, I could never!  
I will... not walk silently through this life this is my promise

And so I'll seize the day because it's all I've got  
And I will question everything I'm taught  
Emancipate my life, compel my thoughts  
Embrace this world, I will not be bought so...

And I will stand, and I will break the silence

I will I will not surrender  
I will I will not surrender

No! I will not walk silent  
No! I will not lose hope  
No! I will not surrender  
No! I'm gonna break the silence

This is my life and I will not give up 'till I die  
No more fear, no more lies, I've got to know just where I stand  
Each and every day... know just where I stand
