

## Loss Leader

Codeine

Loss leader, losing sight of the shore  
Can't take this loss loop anymore, anymore  
Water - running down  
Water - running down

Now things taste kind of bitter  
Two muddy shoes, far from home, far from home  
Water - running down  
Water - running down - RUNNING DOWN

And as I walk back  
I feel the moon against my neck

Loss leader, losing sight of the shore  
Can't take this lost loop anymore
