

## Realize

Codeine

On a quiet afternoon  
Staring out of your room

Feeling blue  
What am I gonna do?  
Look at me, just with your eyes  
Try to realize  
Look at me, just with your eyes  
Try to realize

Coffee's there  
On the floor  
From the night before  
Shades are drawn  
Against the sun  
Where is everyone?

Look at me, just with your eyes  
Try to realize  
Look at me, just with your eyes  
Try to realize
