

# Guilty As Can Be

Cody Johnson

Once I had me a woman  
Everything was goin' my way  
She thought I had hung the moon  
And she had an angels face  
Till' one night I pulled in my drive  
and somethin' was goin' on  
There was a long bed Ford in my spot  
That I damn sure didn't know

So I walked up to the screen door  
and I heard this awful noise  
I moved on to the living room and there sat my two boys  
I said "Where's mama?"  
And they both pointed to the bedroom down the hall  
Now, I ain't ever been a fightin' man  
But red was all I saw

See brother 'cause I've been down and I've been out  
And I know how it feels  
To stand up for what you think is right  
Then get knocked off your heels  
And if murder in a man who didn't understand  
Just what she meant to me  
Means all right here in itself for eternity  
Well then mister I'm as guilty as can be

Well I wish I had me a picture of what his face looked  
like  
When I kicked in my bedroom door and raised my 45  
See I ain't the kind to hurt a woman and I hope you  
understand  
But someone's got to die today  
Son it looks like your the man

See brother 'cause I've been down and I've been out  
And I know how it feels  
To stand up for what you think is right  
Then get knocked off your heels  
And if murder in a man who didn't understand  
Just what she meant to me  
Means all right here in itself for eternity  
Well then mister I'm as guilty as can be

That's what I told that jury  
That's what I told that judge  
And I knew there'd be hell to pay if I fulfilled my  
grudge  
See I don't mind these prison bars tucked off in these  
pine trees  
One thing about that cheatin' woman  
She won't cheat again on me

See brother 'cause I've been down and I've been out  
And I know how it feels  
To stand up for what you think is right  
Then get knocked off your heels  
And if murder in a man who didn't understand

Just what she meant to me  
Means all right here in itself for eternity  
Well then mister I'm as guilty as can be

I said if murder in a man who didn't understand  
Just what she meant to me  
Means all right here in itself for eternity  
Well than mister I'm as guilty as can be

Go ahead and lock me up boys  
I'm guilty anyways
