

Me And My Kind

Cody Johnson

Yeah that's my old girlfriend, saw her when she walked in
Her hair's a little longer but she's still looking stronger than
sin

No I don't care if you buy her a drink but she's not the kind of
girl you think
Oh cause back when we were loving she thought cowboys were some
thing
Now they ain't

Cause she's over buckles, she's over spurs
To her you're just a heartache in a pearl snap shirt
Been lassoed and let go for the last time
No she ain't just over me, she's over me and my kind

I guess I ruined it for the rest of us when I left her standing
in my dust
Oh and lately she's been hating rodeos and Copenhagen, and trucks

Yeah she's over buckles, she's over spurs
To her you're just a heartache in a pearl snap shirt
Been lassoed and let go for the first time
No she ain't just over me, she's over me and my kind

Yeah she's over buckles, she's over spurs
To her you're just a heartache in a Wrangler pearl snap shirt
Lassoed and let go for the last time
She ain't just over me, she's over me and my kind (x2)
