

The Way She Loves Me

Cody Johnson

I love the way her blue eyes always make my day
I love the way she always knows the words to say
I love the way she falls asleep with her head on my chest
But I love the way she loves me the best

I love the way my mama swears she's the one for me
I love the way she looks when she wears my grandma's ring
And I love the way she looked at me on the day that she said yes

When she loves me she makes me feel like I'm the only man in this whole world
The way she loves me she makes me wonder what I would do without the girl
And of all the things she does for me I must confess
That I just love the way she loves me the best

I love the way she knows how to put a grown man in his place
I love the way she looks without any makeup on her face
I love the way she tangles me in her sweet corese
I just love the way she loves me

When she loves me she makes me feel like I'm the only man in this whole world
The way she loves me she makes me wonder what I would do without the girl
And of all the things she does for me I must confess
That I just love the way she loves me the best

And of all the things she does for me I must confess
That I just love the way she loves me the best
