

Palm of Your Hand

Cody Simpson

Like hidden gemstones in the warm sand
We all wish to drift away
Silver sunshine in my cold hands
The moon's a mirror on my day
Willow trees under the gold sky
and California shows her rays
A picture in my pocket from a long lost lover
To keep with me on my way
The more you wander, the more you learn
The more the learn, the less you hurt
No matter what you do, or where you stand
The world is in the palm of your hand,
The palm of your hand
Plant the seed and let the flower grow
Stop stealing diamonds, cause they're, they're just a stone
The world will give us all we need
It's all in the palm of your hand,
The more you wander, the more you learn
The more you learn, the less you hurt
And no matter what you do or where you stand,
The world is in the palm of your hand, the palm of your hand..
