

## Oceans Brawl

Cœur de Pirate

Brought a knife to hell and saw  
What was left down there and more  
Hide-and-seeek'd for far too long  
Kept my treasures with my bones  
Lived for lies, lived for tales  
Lived for good and hit the rails  
Love you, boy, with what I know  
Hid that love up with my bones

Brought a knife to hell and saw  
What was left down there and more  
Hide-and-seeek'd for far too long  
Kept my treasures with my bones

Lived for lies, lived for tales  
Lived for good and hit the rails  
Love you, boy, with what I know  
Hid that love up with my bones

Found the fire in the rain  
Burning drops drowned all my pain  
Listen to the ocean's brawl  
I'll find you and then I'll crawl

Pierced your arrow through my heart  
Wanted me, now want me gone  
In your hiding, you're alone  
Kept your treasures with my bones

Told me lies, told me tales  
Lived for bad, and hit the rails  
Hate you, boy, with what I know  
Picked my love up with my bones

Found the fire in the rain  
Burning drops drowned all my pain  
Listen to the ocean's brawl  
I'll find you and then I'll crawl

And then I'll crawl [x3]

Brought a knife to hell and saw  
What was left down there and more  
Hide-and-seeek'd for far too long  
Kept my treasures with my bones

Lived for lies, lived for tales  
Lived for good and hit the rails  
Love you, boy, with what I know  
Hid that love up with my bones

And then I'll crawl [x6]
