

I ain't got a head on ahead
True push, keep on track a true push
I ain't got a head on ahead
Headache cuts deep through the canyon
I ain't got a head on ahead
Texas, overwhelming gesture
I ain't got a head on ahead
Could it, bust us.
Lonely on and only, on the way
Jah give a little, just a little, little piece
Lift the lid
Lonely on and only, on the way
True push, keep on track a true push
Headache cuts deep through canyon
Texas, overwhelming gesture
Could it bust on through the thing?
I ain't got a head on ahead
Bust on through the thing
I ain't got a head on a head
Bust on through the thing
I ain't got a head on a head
Bust on through the thing
I ain't got a head on a head
Lonely on and only, on the way
Jah give a little, just a little, little piece
Life the lid
Lonely on and only, on the way
Jah give a little, just a little, little piece
Life the lid
Live, around, lust
Divide, love, rust
Devine, devour, you
Lonely on and only, on the way
Jah give a little, just a little, little piece
Life the lid
Lonely on and only, on the way
Jah give a little, just a little, little piece
Life the lid
Lonely on and only, on the way
Nothing's sacred anymore
Keep on track a true push
Nothing's sacred anymore
Keep on track a true push
Sacred anymore
