

## Cuts Marked in the March of Men

Coheed and Cambria

Listen to the world out on the outside pressing in  
are you ready on my mark?  
fingers given names and with the last word they ascend  
on the comfort of their well being...in arms  
into something they can't stop but wish that they could kill  
you're the answer to their prayer

In your last hour stand  
you'll notice the one that you had loved in dreams is here among the  
others  
chase it's you I want but if I can't have her  
then why should I spend any more time in a world that's going to end  
pretty soon?  
I need you now more than I ever did  
I'll hand myself over for you  
this comlink's lost its frequency and I feel that we're coming home s  
hort  
here take me instead I'd rather not see her off alone

scattered amongst the killing streets the children slate defense  
is god's work to have us fail?  
rivered blood streams out the dead as bodies foul the air  
I'll make peace when this is done  
in arms...we storm  
slowly the streets begin to fill with new flesh bound to bone  
armed and ready it begins again...

In your last hour stand  
you'll notice the one that you had loved in dreams is here among the  
others  
chase it's you I want but if I can't have her  
then why should I spend any more time in a world that's going to end  
pretty soon?  
I need you now more than I ever did  
I'll hand myself over for you  
this comlink's lost its frequency and I feel that we're coming home s  
hort  
here take me instead I'd rather not see her off alone

tonight we storm  
tonight...

deliver a favor to my love (4x)
