

Key Entity Extraction II: Holly Wood the Cracked

Coheed and Cambria

Pick a number
Wait in line
There's no medicine
That could fix that mind

Holly Wood, Holly Wood
Watch out here she comes
Holly Wood, Holly Wood
Fucking a loading gun

Message panicked
A naked waist
There's no help to give this one
To keep her sane

Holly Wood, Holly Wood
Watch out here she comes
Holly Wood, Holly Wood
Fucking a loading gun

Look out boy

She's a few cards short of a full deck
A joker in the game
She's a got a bullet with your name on it
No doubt she's a mental case

Better keep that gun away
Poor Holly Wood
She is bad goods
Poor Holly Wood

This may be the last time I say
This may be the last time I say

Oh, Poor Holly Wood
She is cracked goods
Poor Holly Wood

Oh, She's cracked, she's cracked
And where she's gone there's no coming back
Aha, watch her fingers, she's going to pull the trigger
Then the party's over

Nananananananai
Nananananananai
Nananananananai

Holly Wood, Holly Wood
Watch out here she comes
Holly Wood, Holly Wood
Fucking a loading gun
