```
Does death come alone or with eager reinforcements?

Does death come alone or with eager reinforcements?

Death is centrifugal

Solar and logical

Decadent and symmetrical

Angels are mathematical

Angels are bestial

Man is the animal

Man is the animal
```

The blacker the sun
The darker the dawn
Flashes from the axis
Flashes from the axis
On the hummingway to the stars

```
Holy holy, holy holy, holy oh holy
Holy holy, holy holy, holy
Holy holy, holy holy, holy
```

Man is the animal

The blacker the suns The darker the dawn
