

# Before I Let You Go

Colbie Caillat

Boy I see you lookin' over  
You keep on looking back at what you knew  
When will you come closer  
Closer to the one that's good for you

Cause you're still goin' back to that life  
And I refuse to stand on the side  
By sparing her from heartache  
Don't you know you end up hurting me

I see your head spinning right around  
She makes you fall hard and hit the ground  
When you ever gonna let her go  
I see the way that she breaks you so  
All I'm asking is for you please  
To take control and be set free  
Make the space so we can grow  
Save us before I let you go

So you say this will get better  
Better for you, her, or me?  
Well I don't know what to tell ya  
It's not my fault that I don't believe

Cause you're still so stuck in that life  
And I refuse to stay on this ride  
Cause we're goin' round in circles  
Aren't you tired of never having peace

I see your head spinning right around  
She makes you fall hard and hit the ground  
When you ever gonna let her go  
I see the way that she breaks you so  
All I'm asking is for you please  
To take control and be set free  
Make the space so we can grow  
Save us before I let you go

I have been waiting  
For you to change this  
But it has taken too long  
So I can't keep waiting  
I've got to change this  
It's hard for me to have to be so strong

I see your head spinning right around  
She makes you fall hard and hit the ground  
When you ever gonna let her go  
I see the way that she breaks you so  
All I'm asking is for you please  
To take control and be set free  
Make the space so we can grow  
Save us before I let you go

I see your head spinning right around  
She makes you fall hard and hit the ground  
When you ever gonna let her go

I see the way that she breaks you so  
All I'm asking is for you please  
To take control and be set free  
Make the space so we can grow  
Save us before I let you go

Oh baby I, baby I, baby I, baby I  
Don't wanna let you go  
I don't wanna let you go  
Save us before I let you go

Oh baby I, baby I, baby I, baby I  
Don't wanna let you go  
I don't wanna let you go  
Oh no, oh no  
No I don't ever wanna let you go...
