

What if we were sixteen again?  
Parties never had to end  
Life was always like a vacation  
Building castles in the sand  
Showing off why we were stand  
All day long be cruisin' naked  
And in the summer vibe

We'd be cruisin'  
We ain't got nowhere to go  
Only thing we know is  
We're cruisin'  
Running free on our night time  
Every day and night  
We'd be cruisin'  
We'd be cruisin'

Cannonballs into the sea  
Everything is make believe  
Carousel in underneath rainbows  
We're swinging from tree to tree  
Ever after happily  
Frolicking wherever the sun goes  
And in the summer vibe

We'd be cruisin'  
We ain't got nowhere to go  
Only thing we know is  
We're cruisin'  
Running free on our night time  
Every day and night  
We'd be cruisin'  
We'd be cruisin'

Take the stars and never let  
Get lost and don't come back again  
You'll be cru'sin'  
We ain't got nowhere to go  
Only thing we know is  
We're cruisin'  
Running free on our night time  
Every day and night  
We'd be cruisin'  
We'd be cruisin'
