

## Best Kept Lies

Cold Chisel

I'm Losin' myself nightly  
'Cause No-one's tellin' me just where you are  
You Got me like a fever  
And movin' like you've got too far  
Used to shine so brightly  
All is fadin' now as time goes on  
Just when I think I hear ya  
I look around and you'll be gone  
Be gone, well.

You got this thing for leavin'  
Just as I'm about to really know someone  
I'd like to help you with your searchin'  
Don't you know you're not the only one

Hangin' all alone  
With your best kept lies  
Say you're comin' home  
Give it one more try

You let me know discretely  
I ain't nothin' when you're not with me  
Once I'd have to call ya  
Now all that's left's a mystery  
Sayin' goodbyes only  
Gonna leave me wonderin' endlessly  
Were you really here  
Or someone I am  
Yet to see

You got this thing for leavin'  
Just as I'm about to really know someone  
I'd like to help you with your searchin'  
Don't you know you're not the only one

Hangin' all alone  
With your best kept lies  
Say you're comin' home  
Give it one more try
