

## Painted Doll

Cold Chisel

Painted doll, on a painted stage  
Painted doll, on a painted stage  
She's just a one-man Punch and Judy show  
For caliphs twice her age  
Painted doll, on a painted stage

The more they look at her  
The less I see  
The more they look at her  
The less I see  
It's a tricky situation when some  
Parasite has got my painted doll  
And she's got me

Lookin' down Sydney Harbour in the rain  
My pretty baby's slappin' up another vein  
If this is gonna be her final wage  
My heart may never see this world again

She's my little sick salome  
And it's breakin' me in two  
Painted doll  
I've got a deal for you
