

## Teenage Love Affair

Cold Chisel

I met my baby on a Friday night  
I met my baby on a Friday night  
I met my baby on a Friday night  
She said "rock'n'roll me" everything's gonna be  
Alright alright alright  
I took my baby to a movie show  
I took my baby to a movie show  
I took my baby to a movie show  
Saw a guy O.D.ed in the third back row  
Singin' go cat go cat go"  
I walked my baby down beside the sea  
She was white as a feather, high on DDT  
I'm all strung out, my baby's lookin' old  
She's been drained, cashed, refilled  
And now resold  
I left my baby in a seaside bar  
I left my baby in a seaside bar  
I left my baby in a seaside bar  
Said you take the kids, I'll take the car  
Gonna leave this town behind"
