

The Lonely Rose

Cold Harbour

To end a life, you have to live.
What do i have to show for 18 years.
The rebirth of the lonely rose.
Do I have the heart to walk away.
Or will I live in pain which will never go away.
I knew this wouldn't be easy to show my true thoughts.
In the valley of darkness there is nothing left to see.
Apart from feeling empty
False hope and false points of view.
My life is done and i have nothing to prove.
The rebirth of The Lonely Rose
I'm not coming back
As darkness falls so does my, hopes and dreams.
With the weight of world, on my shoulders
Walking away from life. I'm not coming back.
