

# Hotel Anywhere

Cold War Kids

I have withdrawn  
Out of the game  
Erase my image  
Rewrite my name  
I can be invisible  
The room service cleans  
Sulley will bang on my door  
With the cream

I am awake, I am awake  
I'm here to stay  
Hotel Anywhere, USA

It's 3 AM  
The bed moans and quakes  
I'm dying to know who's in ecstasy  
I put my ear up to the wall  
Somehow I feel connected to it all

I am awake, I am awake  
I'm here to stay  
Hotel Anywhere, USA

I am awake, I am awake  
On the run  
Hotel Anywhere, USA

Hold me down, I won't float away

I write and I paint  
I live and I breathe  
It's incredible how little I need  
I've been enlightened, away from my scene  
I find the beauty in everything

I am awake, I am awake  
I'm here to stay  
Hotel Anywhere, USA

I am awake, I am awake  
A full stop  
Hotel Anywhere, USA

Hold me down, I'm floating in space  
Hold me down, I won't float away  
Hold me down, I won't float away
