

Nights & Weekends

Cold War Kids

While they lined up to wait on Black Friday
In a panic with shopping bags
There were magazine racks of cruel attacks
Seven new ways to please your man

She's everywhere you look
(Everywhere you look)
She's everywhere you look
(Everywhere you look)
She's everywhere you look
(Everywhere you look)
Where you look
(Where you look)

Well she wanted to dance but lost her chance
Now she feels like a waste of space
On an island you might be in your mind
But your soul won't be cast away

She's everywhere you look
(Everywhere you look)
She's everywhere you look
(Everywhere you look)
Everywhere you look
(Everywhere)
Where you look
(Where you look)

Here she comes
Here she comes
Here she comes
Here she comes
You're above it
You're above it
You wanted it all
You're above it
You're above it
You wanted it all
Here she comes
