

## Cure My Tragedy (A Letter to God)

Cold

Remember all the times that we used to play  
You were lost and i would save you  
I don't think those feeling will ever fade  
You born a part of me

Won't you cure my tragedy  
Won't you cure my tragedy  
Don't take her smile away from me  
She's broken and I'm far away

Won't you cure my tragedy  
Won't you cure my tragedy  
Then i hope that you can hear me scream  
Won't you cure my tragedy

When i sit and think of the days we shared  
and the nights you covered before me  
Every little thing that i ever did  
You would stand by me  
Everytime you would cry it would take my wind  
My heart would break  
If I could be strong like you were for me  
You are my faith

Won't you cure my tragedy  
Won't you cure my tragedy  
Don't take her smile away from me  
She's broken and I'm far away  
If you made the world a stage for me  
Then i hope that you could hear me scream  
Can you hear me scream  
Can you hear me scream

Won't you cure my tragedy  
Won't you cure my tragedy  
Don't take her smile away from me  
She's broken and I'm far away  
If you made the world a stage for me

I can't take this anymore  
I can't take this anymore  
Won't you take and give her pain to me  
'Cause my whole life I've made mistakes
