

Kill the Music Industry

Cold

They change your faith
It's gone to far to name
the way you see
The things they'll change
Your life and control
your mind
I can't relate to it

R: Sick of all this monotony
Kill the fuckin' music industry

They trust the way they feel
in their minds its time
for us to scream
The things they'll change
your life and control
your mind
I can't relate to it

R: (2x)

Kill the fuckin' music industry! xalot

Why?

R: (3x)

Kill the fuckin music industry! (4x)
