

Princess is gone, where did she go?
Headlines today
Majesty lost all her control
Kings on his way
Up in the sky, Superman falls
The witch gets away

Welcome to my world

Take my hand and come along
John Lennon's singing Elvis songs
New York brings the Symphony
In my back yard, Sinatra sings for me

Prince Charming pulls up on his horse
Send him away
Fantasies gone, no crystal ball
Things never change
Marilyn Monroe in my room
Sleeping away

Welcome to my world

Take my hand and come along
John Lennon's singing Elvis songs
New York brings the Symphony
In my back yard, Sinatra sings for me
