The way you make me feel... Mocking bird in the sky Let me know if the sun will shine Spread your wings, draw a line so gray So I'll know my love will stay Mocking bird in the sky so high Let me know if the wind will blow Spread your wings, draw a line so blue That I'll know my love is true 'Cause thats just The way you make me feel The way I feel for you The way you make me feel And baby it's just you The way you make me feel The way I feel for you The way you make me feel And baby it's... Mocking bird in the sky Please make sure that the rain won't fall Spread your wings, draw a line so gray So I'll know my love will stay And baby it's just... The way you make me feel The way I feel for you The way you make me feel And baby it's just you The way you make me feel The way I feel for you The way you make me feel And baby it's... You make me fly, you take me so high Mocking bird in the sky, paint the colours of my life You make me fly, you take me so high Mocking bird in the sky, paint the colours of my love For you You make me fly, you take me so high Mocking bird in the sky, paint the colours of my life You make me fly, you take me so high Mocking bird in the sky, paint the colours of my love
