

Daylight

Coldplay

To my surprise, and my delight
I saw sunrise, I saw sunlight
I am nothing in the dark
And the clouds burst to show daylight

Ooh and the sun will shine
Yeah on this heart of mine
Ooh and I realise
Who cannot live without
Ooh come apart without
It
On a hill top, on a sky-rise
Like a first born child
At full tilt, and in full flight
Defeat darkness, breaking daylight

Ooh and the sun will shine
Yeah on this heart of mine
Ooh and I realise
Who cannot live without
Ooh come apart without
Daylight

Slowly breaking through the daylight
