

Well they say people come  
Say people go  
This particular diamond was extra special

I know you might be gone, and the world may not know  
Still I see you celestial

Like a lion you ran  
God his hero  
Like an eagle you circle  
Perfect of all

So how come things move on?  
How come cars don't slow?  
When it feels like the end of my world  
When I should but I can't let you go

But when I'm cold, cold  
When I'm cold, cold  
There's a light that you give me  
When I'm in shadows  
There's a feeling within me, everglow

Like the brothers in blood  
The sisters who write  
Yeah we swore on that night  
We'd be friends till we die

With the changing of winds  
And the way waters flow  
Life is short as the falling snow  
Now I'm going to miss you, I know

But when I'm cold, cold  
Yeah, all alone, the sun  
And I know that you're with me, with the way it will show  
And you're with me wherever I go  
But you give me this feeling, it's everglow

Oh, what I would give for just a moment to hold  
Yeah, I live for this feeling, it's everglow

So if you love someone, you should let them know  
Oh, the light that you left me will everglow
