

Ghost Story

Coldplay

Maybe I'm just a ghost
Disappear when anybody's close
Go through you when you travel
Travel over near

Maybe I'm just a ghost
Emptied by them, anybody knows
Maybe I'm on a rose
Or am I even here?
Yeah

Every time I try to walk through walls
More walls appear
What's the point in feeling love for you
When you don't believe I'm here?
What's the point in trying to raise your voice
If no one ever hears?
Everytime I try to pull you close
You disappear

Maybe I'm a ghost
Just a whisper in a perfect smoke
A secret that nobody knows
No one will ever hear

Oh, maybe I'm a ghost
Specter of the wrong cause
Fallen out of rose
Something people fear
Yeah

And every time I find I'm off the walls
It's all becoming clear
What's the point in feeling love for you
When you don't believe I'm here?
What's the point in saying "Rescue me!"
If no one ever hears?
Every time I try to pull you close
You disappear
Every time I try to pull you close
You disappear

And every time I find I'm off the walls
It's all becoming clear
Every time I try to pull you close
You disappear
Every time I try to pull you close
You disappear
