

The scientist

Coldplay

Capo 5- Ami

1. Come up to meet you, tell you I'm sorry, you don't know how lovely you are

I had to find you, tell you I need you, tell you I'll set you apart

Tell me your secrets and ask me your questions, oh lets go back to the

start

Running in circles, chasing tails, heads on a science apart

R1: Nobody said it was easy

It's such a shame for us to part

Nobody said it was be easy

Noone ever said it would be this hard

Oh, take me back to the start

2. I was just guessing numbers and figures, pulling the puzzles apart

Questions of science, science and progress, do not speak as loud as my

heart

Don't tell you love me, come back and haunt me, oh what a rush to the start

Running in circles, chasing our tails, Coming back as we are

R2: Nobody said it was easy

It's such a shame for us to part

Nobody said it was easy

Noone ever said it would be so hard

I'm going back to the start

'oh ooooh'
