

Up In Flames

Coldplay

So it's over
This time, I know, it's gone
Salt water
You tasted it too long
I'm comin' home, I know
Once it starts

Up in flames
Up in flames
Up in flames

We have slowed it down

So it's over
It's time flying on
This time, I know, (...)
Stop and slow it down
Stop and slow it down

Up in flames
Up in flames
Up in flames

We have slowed it down

Up in flames
Up in flames
Up in flames

Oh, we have slowed it down
Oh, we have slowed it down

Could we pour some water on?
