

After Dark

coldrain

When the sun goes down I'll meet you halfway
Don't worry about tickets, I know a backway,
When the party starts to roll, we'll sneak out to the floor
We can't waste another song
Come take my hand now, dance with me
Just dance with me tonight

Let the sound take us higher and higher
Turn that volume up louder and louder now
Let the lights burn like fire, like fire
For tonight I can make you feel better
I'll make you feel...

I'll make you feel like you make me when I'm with you
I sink into your eyes like this, I'll show you
When the party starts to roll, we'll sneak out to the floor
We can't waste another song
Come take my hand now, sing with me
Just sing with me tonight

Let the sound take us higher and higher (higher)
Turn that volume up louder and louder now
Let the lights burn like fire, like fire (like fire)
For tonight I can make you feel better
I'll make you feel...

You can feel it in your heart, you can think it in your head
You can feel it in your heart, you can think it in your head
Come on take my hand
Come on take my hand
Come on take my hand down to your hand

Let this sound take us higher and higher (higher)
Turn that volume up louder and louder now
Let the lights burn like fire, like fire (like fire)
For tonight I can make you feel better
I'll make you feel...

I'll make you feel
I'll make you...
