

# Behind The Curtain

coldrain

You let your life break down  
Until this is all that say it now  
Your life's declined  
From the blood that is shed by a warped empire

The wall of lies  
Your happy eyes will last forever

Show yourself  
We know it's you behind the curtain  
Pretending like you can  
Avoid everything and everyone will know  
You think about is you

Run and run  
That's what you get  
The words you trusted to every lie  
It's time to pay from everything you're done  
You can run but you can't fucking hide

The wall of lies  
Your happy light will last forever traitor  
Until the day you realize  
We'll hunt you down traitor

Show yourself  
We know it's you behind the curtain  
Pretending like you can  
Avoid everything and everyone will know  
You think about is you

You will pay  
For what you've done  
You will pay  
For what you've done  
You will pay  
For what you've done

Show yourself  
We know it's you behind the curtain

Show yourself  
We know it's you behind the curtain  
Pretending like you can  
Avoid everything and everyone  
But no matter how far you may run  
No matter where you start to hide  
In the end we'll hunt you down  
Hunt you down  
Hunt you down
