I'm tangled up, no strings attached
You gave your heart, but now I think you want it back
You are my ocean and the tide
It's little wonder why, I'm drownin' in your eyes
The powers out, we lost it all
I'm fallin' hard, you pulled the rug and watched me fall
Now you're dropping coals, I think we're breakin' up
Got my love on stand-by
